FACTS ABOUT HUNGER & POVERTY

- ❖ About 1 of every 5 children in New Jersey is hungry.
- ❖ According to national studies conducted by Feeding America, 70% of people coming for food assistance choose between paying for housing and buying food.
- ❖ The face of hunger and homelessness is changing. Local food pantries and soup kitchens now serve the young and old, the physically and mentally well and unwell, the unemployed and underemployed, single parents, the homeless and homebound. The reality is that it can happen to anyone.
