for Health
FOUNDATION

10 YEARS
2008-2018

TOGETHER WITH OUR COMMUNITY PARTNERS WE'RE MAKING AN

IMPACT

WITH YOUR SUPPORT, WE CAN DO EVEN MORE!

For more than a decade, Partners for Health has been collaborating with local organizations to address the area's most pressing health needs. The Foundation focuses on increasing our partners' capacity to achieve their missions to make our communities healthier for everyone. Such initiatives include:

A pilot *Farm-to-Preschool* program coordinated by City Green is educating more than 1,000 children about health and nutrition.

Funding to introduce *Breakfast After the Bell* at schools in Bloomfield and Clifton ensures students have the healthy start they need to learn.

A partnership between *JED Campus* and *Montclair State University* that is implementing systems, programs and policies to enhance student mental health, reduce substance abuse and prevent suicide.

Free tax preparation services from New Jersey Citizen Action and United Way of Northern New Jersey for low-income families resulted in refunds of more than \$1 million in 2018, 25% of which were in *Earned Income Tax Credits*.

Operation Blue Angel, a secure lock box program that offers peace of mind to Montclair seniors by giving emergency personnel access to their homes when they are unable to open the door.

Adding Advocacy to the Toolbox, a Foundation-sponsored workshop for nonprofits focused on advocacy strategies that can be employed to change systems and shape policy at the local, state and federal levels.
