Proceeds from today's event will support local organizations working toward health equity for all. Partners for Health recognizes the issues that prevent people from thriving can best be understood by listening to those with lived experience. It is through this learning that we, along with our community partners, will be able to identify the best ways to use our resources. It is only then that we can be positioned to support organizations, systems change and policies that will make a difference.

September 22, 2022

Dear Friends,

It is my pleasure to extend warm greetings to everyone in attendance for the Partners for Health Foundation Annual Golf Outing and Tribute Dinner.

Tonight, we honor the extraordinary Community Catalyst, Josh Weston, an original member of the Partners for Health Foundation Board. For the last thirty-two years, Josh has assisted Passaic and Essex County residents with food insecurity and supported key initiatives for local seniors. I would like to thank Josh for over three decades of unwavering commitment to public service, and his active participation on the Boards of so many important organizations such as the Community FoodBank of New Jersey, the New Jersey Performing Arts Center, KIPP NJ, the International Rescue Committee, and Liberty Science Center.

The Partners for Health Foundation has made innumerable contributions to New Jersey residents through learning, grantmaking, and advocacy programs. As Governor, I applaud the Foundation and volunteers for their dedication to ensuring health equity exists for everyone and commend all those who will continue its future endeavors.

Best wishes for a successful and memorable event.

My very best,

Dear Friends,

It is my pleasure to welcome all of you to the Partners for Health Foundation Golf Outing and Tribute Dinner.

Since its founding, the Partners for Health Foundation has done tremendous work to support the health of our community. During the many challenges of recent years, the Partners for Health Foundation has risen to the occasion to ensure that the needs of our most vulnerable community members are met. Whether supporting vaccination efforts for seniors or supporting meal deliveries to students who could no longer depend on meals in school while learning remotely, the grants provided by the Foundation have been essential. It's clear you have lived out your mission to advance health equity and help our community to thrive.

I would also like to take this time to congratulate tonight's very special honoree, Mr. Josh Weston. As an original member of the Partners for Health Foundation Board, Mr. Weston's vision and leadership was crucial in guiding the Foundation to the success the organization has today. I am grateful for his dedicated service to our community in so many capacities and congratulate him on this meaningful and well-deserved recognition.

I am so thankful for all you do to support the families across New Jersey and I hope you all enjoy the gala. Thank you!

Sincerely,

Mikie Sherrill
